ASSOCIATE IN SCIENCE PRE-DENTISTRY Course Selection Guide Updated Summer 2024

Degrees

ECU: <u>Doctor of Dental Medicine</u>

UNC Chapel Hill: **Doctor of Dental Surgery**

Application to schools of dental medicine requires completion of a bachelor's degree.

Students who have not yet completed a bachelor's degree should follow the course selection guide for their major, while keeping these requirements in mind as a goal to complete by the end of the bachelor's degree.

Students should review all material on the schools' websites. Schools of dental medicine may require additional prerequisites beyond coursework, such as standardized tests and patient care experience. Requirements may change, and time limits and restrictions on online coursework often apply to science coursework.
